President Sends Letters to Victors at National Rifle Tournament at Camp Perry.

Washington, D. C., Oct. 26.—President Taft yesterday sent letters of congratulation to the winners of the three most important championship matches shot at the national rifle tournament held at Camp Perry, Ohio, in August last. The letters were addressed to Sergeant W. A. Fragner, U. S. marine corps, winner of the president's match; to Corporal George W. Farnhum, U. S. marine corps, winner of the United States championship, and to Sergeant Scott Clark of the Second Indiana infantry, Indianapolis, Ind., winner of the national individual match. In his letter to the marine corps officers, President Taft said in part:-

"Efficiency in rifle practice is impor-tant for members of the marine corps, and I am glad to note the great interest they have taken in the subject and the way the corps has come to the front in the last few years in the big matches in won the military championship and the president's match. The suspension of the students which brought on the strike resulted from the initiation of freshmen into a dormitory organization known as the "Dorm Rats." It has been the custom of the Rats to hold their initiation during the first snowstorm of the year, when candidates are compelled to do a marathon around the dormitory with no more clothing than characterised their first appearance on earth. State university students are required to give a written promse not to include in hazing, but the students assert that the initiation into a college society does not constitute hazing.

"Some time ago I had a breaking out all over my body. It first started like what we call goose flesh and itched dreadfully. When I scratched it, it would bised and become very sore. I tried almost everything for the itching but none gave me much rehef. I could scarcely sleep as the itching was always worse at night. My hands were so sore I dreaded putting them in water and after I

would wash dishes or do laundry work would wash dishes or do laundry work that required the use of other soaps they were always worse. This went on for about six months. Then I used Cuticura Soap and Cuticura Ointment, and in two or three weeks the trouble all disappeared. I always found that my hands were worse (with a dry scale on them) after using any chean soap but the Cuticura Soap produced such a soothing feeling on my skin that it was a pleasure to use it. I also know what wonders the Cuticura Remedies have done for a friend of raise, so I would recommend them to any one. Mrs. Delaware Barrett, 611 King St., Wilmington, Del., Nov. 15, 1909."
